MICROSOFT BUSINESS CENTRAL

BUSINESS ACCOUNTING
SOFTWARE

HOW WE WORK
IN THE REAL WORLD

Dynamics NAV/Business Central is specifically designed for business firms in the cloud or on-premise to make sure you get the most out of your accounting software. GEMKO Information Group, LLC. has the software, knowledge, and means to provide your business with the most powerful yet user-friendly business accounting system available using the latest Microsoft technologies.

Streamline accounting processes & strengthen control of your organization's business software. With integrated data, intelligent transaction processing, and robust analytical and reporting capabilities, you can reduce the time and effort it takes to access meaningful information necessary to make good business decisions.

Trust in Dynamics NAV/Business Central to simplify your day-to-day business operations and to help you monitor your business performance.

HOW
WE'RE DIFFERENT

ProjectPro is a unique accounting software customized specifically with the intentions of easing business operations. As a Microsoft Dynamics NAV Partner, we offer:

A Solution Delivery Process that disciplines our clients and us to work collaboratively every step of the way

Methods and processes we continue to develop, as well as provide frequent communications, strong project & task management, and defined roles & activities

A guarantee of our ability to achieve "on-time", "to-budget", and "to-spec" projects, resulting in delivering true value to our client's bottom line
